

# Bensalem Township, PA

CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT (CAPER)

PUBLIC DISPLAY PERIOD

SEPTEMBER 9, 2022 – SEPTEMBER 23, 2022

DATE TO SUBMIT TO HUD: SEPTEMBER 28, 2022

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This report covers the 12-month period from July 1, 2021 to June 30, 2022. During this period, the Township received Community Development Block (CDBG) funds in the amount of \$381,135. The Township expended \$226,882.16 of CDBG funds on an array of housing and community development projects/activities, summarized below, to meet the goals outlined for FY 2021 in carrying out its strategic and action plans. (\$40,597.53 of CDBG funds were expended on program administration). Moreover, in FY 2021 the Township expended \$175,106.60 in CDBG-CV funds that rolled over from the previous year to prevent, prepare for, and respond to the impacts of the COVID-19 pandemic—summaries of those activities are also provided below.

#### **Public Services – Homeless Shelter Assistance**

In 2021, \$40,000.00 in CDBG funds were utilized to assist with operating support to Family Support Services of Bucks County.

#### **Public Facilities and Improvements – Senior Center**

Rehabilitation of the Senior Center began in 2019, which included HVAC, fire alarm system, and electrical improvements. In 2021, the Township completed the project and expended \$135,120.78 of CDBG funds on the pending installation of a generator and completed roof replacement. This project benefited 747 persons.

#### **Public Facilities and Improvements – Sidewalk Curb Cuts**

In 2021, the Township expended \$10,424.10 of CDBG funds on engineering fees towards the completion of curb cuts to make public spaces accessible.

#### **Public Services – Homeless Prevention**

As a result of COVID-19, there is an increased need for emergency housing and homeless prevention activities in Bucks County. The Township expended \$1,555.24 of CDBG-CV funds to provide rental assistance for households at risk of homelessness.

#### **Public Services – Food Banks**

In 2021, the Township expended \$53,313.33 of CDBG-CV funds to The Bucks County Opportunity Council to provide food to several food pantries in the Township. Food was targeted to people with disabilities and the elderly.

#### **Public Services – Emergency Shelter**

As a result of COVID-19, there is an increased need for emergency housing in Bucks County. In 2021, the Township expended \$107,525.51 in CDBG-CV funds on operation expenses for the homeless shelter. FSA expanded its sheltering to include hoteling for families and individuals

experiencing homelessness. This included the medically frail and high risk of COVID-19 complications. Support services provided case management, food/nutrition, nursing education, safety/security, and basic needs.

**Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The Township of Bensalem allocated CDBG funding to address high priority goals and objectives as outlined in its Five Year Consolidated Plan. FY 2021 activities met the needs of the low-income community by improving housing for low-income persons and public facility and infrastructure improvements.

- Sidewalk Curb Cuts – The Township continued its Curb Cut Program, completing curb cuts at various locations to make public spaces accessible. Phase I is completed, Phase II will be completed and reported on during future CAPERs.
- Homeless Shelter Assistance – Provided funding for operational costs of the homeless shelter operated by Family Service Association. The facility provides emergency shelter, food, clothing, and general information referrals for families and individuals.
- Senior Center Improvements – Improvements to the building, including roof replacement, window replacement, and an emergency generator for the Township. The Senior Center served 747 individuals in 2021, reported above as one public facility completed. Race/Ethnicity data will be reported in CR-10.

The Township of Bensalem allocated CDBG-CV funding to prevent, prepare for, and respond to the impacts of the COVID-19 pandemic. The funds rolled over from FY 2020 to continue efforts into FY 2021. These activities met the needs of the low-income community by providing assistance to those at risk of or experiencing homelessness and supplying food banks.

- Food Banks – Provided food to several food banks that targeted low- and moderate-income households.
- Homeless Prevention – Rental assistance administered by the County Board of Social Services.
- Emergency Shelter – Providing operating costs to the homeless shelter that was used to shelter persons experiencing homelessness in hotels.

The Township is partnering with the County on a pilot street medicine program, which will use the balance of the Township's CDBG-CV funds. A substantial amendment will be submitted to the Township's Plan.

## CR-10 - Racial and Ethnic composition of families assisted

### Narrative

Beneficiary data above does not include one bi-racial person assisted. It also does not include 111 individuals that did not report race/ethnicity. Moreover, of those persons assisted, 398 identified as female, 201 identified as male, and 148 did not report a gender identity. .

## CR-15 - Resources and Investments 91.520(a)

### Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	381,135.00	226,882.16

Table 3 - Resources Made Available

### Narrative

In FY 2021, the Township allocated \$186,284.63 in CDBG funds to housing and non-housing community development activities (funds disbursed for planning and administration excluded). PR 26 shows that there was a total of \$226,882.16 expended during FY 2021.

In FY 2021, the Township expended \$175,106.60 in CDBG-CV funds to prevent, prepare for, and respond to the impacts of the COVID-19 pandemic.

### Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Bensalem Township	100		Township

Table 4 – Identify the geographic distribution and location of investments

### Narrative

The township does not set priorities for allocating investments geographically. The Township evaluates low- and moderate-income areas as defined by census information, as well as areas with the greatest needs. The Township used Program Year 2021 funds for housing and housing related programs that served low- and moderate-income residents, including operating expenses of emergency shelter, homeless prevention, and rental assistance.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

The Township continuously seeks public and private resources to leverage its entitlement funds in assisting with implementation of policies and programs to administer the Consolidated Plan and expand the supply of decent, affordable housing available to the area's lowest-income households. The Township and Bucks County offer a wide spectrum of supportive services available to assist lower-income households. The Township works with county agencies, other assisted housing providers, and social service agencies to coordinate programs and services.

**CR-20 - Affordable Housing 91.520(b)**

**Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.**

<b>Total</b>		

**Table 6 – Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The Township, in cooperation with the Bucks County Redevelopment Authority, administers an owner-occupied, single-family Housing Rehabilitation Program. During 2021, as a result of COVID-19, a lack of available contractors and long waits for materials, coupled with reluctance by homeowners to allow others inside the home, the rehabilitation program was less active than in past years.

**Discuss how these outcomes will impact future annual action plans.**

The Township is undertaking projects and activities consistent with its five-year goals, understanding that available resources and production capacity limit the extent to which affordable housing needs can be addressed. Recognizing that available resources are not sufficient to meet all of its affordable housing

needs, the Township is prioritizing projects based on need. The goals were estimated as accurately as possible based on the level of funding available to the Township and have proven to be reasonable and achievable. Due to lack of expenditure in the housing rehabilitation program, the Township submitted an amendment to prior year Action Plans to cancel the housing rehabilitation program and allocate funds to curb cut improvements.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	367	0
Low-income	11	0
Moderate-income	0	0

### **Narrative Information**

The only program that required income verification procedures is the housing rehabilitation program, which was inactive during the 2021 program year.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

As part of the Housing Continuum of Care-Bucks County (HCoC-BC), the Township cooperates with the County's Office of Community Development and its Continuum of Care plan to assist local homeless populations. The Township cooperates with the County in providing support on a local level for those programs, which provide transitional housing support for new low-cost permanent housing. Additionally, the Township works with the Bucks County Redevelopment Authority on various housing initiatives, including compliance with lead-based paint hazard regulations. The Township will continue to support the HCoC-BC strategy to meet the needs of homeless persons and those at risk of becoming homeless.

The Bucks County Housing Link serves as the central point of entry for persons experiencing homelessness. The Housing Link has three dedicated street outreach teams that receive referrals through the Housing Link system. The teams are designed to address special populations including transition age youth as well as mental health in order to help address specific needs. The teams are operated by the following three Housing Link partner agencies: Bucks County Opportunity Council, Pennel Mental Health, and Valley Youth House. The teams provide full coverage of the CoC's geographical area. In addition to receiving electronic referrals through the Housing Link to assist persons experiencing unsheltered homelessness, they also regularly canvas known locations to provide outreach and support to individuals that may not have the ability to connect with the Housing Link system. The Housing Link street outreach teams meet twice a month to coordinate services of homeless individuals in order to ensure that individual needs are being met as well as conduct monthly coordination of faith-based outreach groups that provide homelessness support. The County facilitates the Veterans Action Team that meets monthly with Housing Link street outreach teams as well as Veteran organization representatives from the Philadelphia VA Medical Center and Veteran Multi-Service Center in order to ensure that appropriate outreach and service connections are being made for Veterans experiencing homelessness.

The CoC created a PSH prioritization committee in order to appropriately case conference and prioritize chronically homeless individuals for permanent supportive housing openings. The CoC also successfully created a fully-time SOAR specialist that will work with homeless individuals to obtain SSI/SSDI benefits in order to support long-term housing stability. The CoC will utilize Emergency Housing Vouchers (EHV) funded through the American Rescue Plan to prioritize chronically homeless and other high barrier individuals and families for permanent housing placement. The County and Housing Link have continued goals of increasing supportive housing for the most vulnerable.

## **Addressing the emergency shelter and transitional housing needs of homeless persons**

The Township works with the Housing Continuum of Care-Bucks County (HCoC-BC) to provide homeless services and emergency, transitional, and permanent housing for homeless individuals and families, including veterans, those with special needs, the disabled, HIV/AIDS, and victims of domestic violence. The township utilizes CDBG and CDBG-CV funds to support the Family Shelter in the County.

The Housing Link has established local priorities built into its Coordinated Entry Policies and Procedures for shelter entry in order to serve the most vulnerable populations including street homeless, medical frailty, households with children, victims of domestic violence, and youth. In addition, case conferencing is utilized to prioritize homeless households for rapid re-housing and transitional housing openings, factoring in their specific needs and barriers to help determine the most appropriate housing program placement.

The County and Housing Link have established goals and procedures to address the emergency shelter and transitional housing needs of homeless persons throughout Bucks County. Emergency shelter goals include reducing the length of stay for families and individuals, increasing the number of persons who exit shelter to permanent housing destinations, and reducing the number of households that return to homelessness and the shelter system. The County has addressed these goals by emphasizing a “Housing Case Management” approach for shelter case managers where goals and conversations are centered around housing. In addition, the County continues to implement a “Rapid Exit” program in collaboration with the Bucks County Emergency Homeless Shelter in order to provide flexible one-time financial assistance to help households more quickly exit shelter in housing solutions. This financial assistance is targeted to be used in creative ways to empower households to resolve their housing crisis. The County has two Housing Locators through collaboration with the Bucks County Opportunity Council that assist homeless households, including those in emergency shelter, with locating safe and affordable housing. The County utilizes its entitlement Emergency Solutions Grant (ESG), along with competitive funding through the Pennsylvania ESG program, to support emergency shelter operations, as well as rapid re-housing programs. Additional funding through PHARE has been utilized to increase the number of rapid re-housing opening to serve both street and shelter homeless households.

The Housing Link has continued to both reduce the length of time households spend in shelter and transitional housing as well as returns to homelessness by prioritizing the most vulnerable families for voucher programs including Section 8 Local Preference Vouchers, Mainstream Vouchers and Family Unification Vouchers according to eligibility. The Housing Link is continuing to address increased employment and income at program exit for housing stability and is working on implementing solutions such as improving partnerships with community colleges, increasing on-the-job training opportunities, and increased collaboration with the Bucks County Career Link and the newly established County Office of Workforce and Economic Development.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

Bucks County has implemented practices into its crisis response system in order to reduce the number of residents that experience homelessness. The Bucks County Housing Link – the County’s homeless crisis response system – is focused on ensuring homelessness is avoided through the practice of diversion. Diversion is built into all levels of the Bucks County Housing Link Coordinated Entry system, starting at the Call Center where staff utilize diversion conversations to help households resolve their crisis at the first point of contact without needing further supports. In addition, dedicated staff have been built into the Housing Link system called “Housing Planning” that work with unstably housed households to resolve their housing crisis with a combination of case management supports and flexible financial assistance. In addition to diversion, eviction prevention assistance has been built into the Housing Link system to assist households that are facing eviction. The capacity of the prevention assistance program has expanded in response to COVID-19 in order to serve an increased number of households in need of rental assistance and arrears.

Bucks County collaborates with multiple systems around discharge planning from institutions and systems of care. Discharge planning from institutions is a cross-systems issue that continues to be addressed through partnerships and creation of pilot housing and supportive service programs. To address the forensic population, the Housing Opportunity for the Re-Entry Population Program (HORP), administered by the Bucks County Opportunity Council, is in its third year of implementation. HORP assists the forensic population that has difficulty transitioning out of the prison system due to lack of stable housing and the barriers to attaining that housing. The mental health system continues to employ a diversion navigator position to support individuals with mental health diagnoses in avoiding residential admission and exploring other housing solutions. The diversion navigator participates in the Housing Link’s PSH Prioritization meetings and is actively involved in the Housing Link system. In addition, the Housing Link collaborated with the Department of Behavioral Health around utilizing reinvestment funds to both serve homeless individuals with a history of high utilization of emergency room and inpatient settings as well as individuals exiting mental health facilities that do not have housing identified. The Housing Link continues to collaborate with the Bucks County Health Improvement Partnership (BCHIP) around discharge planning from hospital settings and continues to emphasize the importance of collaboration with local hospital systems. The Department of Children and Youth Services is engaged in providing housing opportunities through the BRIDGE and HOME programs for homeless and at-risk families with children as a diversion from foster care. Children and Youth Social Services continues to apply for and oversee

outcomes for Family Unification Vouchers to assist families with Children and Youth involvement with attaining safe, affordable permanent housing to prevent foster care placement.

The Township utilized CDBG-CV funds for eviction prevention assistance in order to assist families avoid homelessness.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Township used Program Year 2021 funds for housing and housing related programs that served low- and moderate-income residents, including operating expenses of the Family Service Association, emergency shelter, homeless prevention and rental assistance.

The County and Housing Link maintain established goals to increase the number of persons who move from emergency shelter and transitional housing to permanent housing and independent living. A rapid re-housing program targeting transition-age youth continues to provide rental assistance and intensive case management and employment counseling to increase the likelihood that participants will maintain permanent housing upon exiting the program. Bucks County has prioritized rapid re-housing programs that provide short, medium and long term rental assistance and case management to increase the number of households obtaining and maintaining permanent housing. The goal is specifically to make homelessness in Bucks County brief, rare and non-recurring. Diversion resources and flexible rapid exit funding administered by the emergency shelter support the aforementioned goal. The expansion of housing locators has also led to households enrolled in rapid re-housing to locating housing more promptly despite a narrow rental vacancy rate.

The non-profit youth services partner Valley Youth House continues to administer a rapid re-housing program for youth, operates shelter and conducts street outreach for them as well. In addition, the Housing Link's coordinated entry process, Valley Youth House, is using the Youth VI-SPDAT to better target and address the contributing factors that led to homelessness, providing a blueprint for case management services. Use of the VI-SPDAT for homeless individuals in the emergency shelter has allowed for more targeted case management services in the areas where clients are the most vulnerable in order to reduce the rate of returns to homelessness. Effective case management is essential to ensure that individuals exit homelessness while addressing factors that may have led to the episode.

Additionally, the Housing Link recognizes that individuals need to earn a livable wage to avoid

future episodes of homelessness. For low-income earning families in Bucks County, affording the high cost of housing is nearly impossible without a long term subsidy. The pursuit and distribution of mainstream and family unification vouchers has secured a vital resource to support long term housing stability for these families. For those with the ability to increase earned income potential, Housing Link partners are better coordinating with work force development supports to ensure those enrolled in homeless service programs receive targeted support from the workforce navigator position. The local Careerlink has been planning to implement a web-based application that will allow for those who have barriers to interface with Careerlink services and trainings remotely which certainly increases opportunity for those enrolled in homeless programs. There has been increased efforts to fund, develop and administer workforce development programs at Bucks County Community College and in the local non-profit sector. Bucks County's local Community Action Agency has launched a culinary training program targeting households enrolled in rapid re-housing.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

While the Township does not directly provide public housing units, it continues to work with landlords and other local stakeholders to ensure that well-maintained and affordable properties are available to Section 8 voucher holders. Additionally, the Township and Bucks County offer a wide spectrum of supportive services available to assist lower-income households. The Township will continue to work with county agencies, other assisted housing providers and social service agencies in efforts to coordinate programs and services.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

The Township will continue to support the efforts of the Bucks County Housing Authority (BCHA) to supply affordable housing to area residents.

### **Actions taken to provide assistance to troubled PHAs**

The PHA is not considered troubled.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

An Analysis of Impediments to Fair Housing Choice (AI) was completed (March 2014) for the Urban County of Bucks County and Bensalem Township that evaluated current public and private sector policies and provided recommendations for action steps to promote fair housing choice. The following are actions that were taken to remove or ameliorate the negative effects of public policy that serve as barriers:

- The Township adopted Ordinance 2013-03 to delete the required minimum dwelling unit sizes.
- The Township added interpretive language to Section 232-4 of the General Provisions of the Zoning Ordinance.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The chief obstacle to meeting underserved needs is a lack of, or inadequate, resources – both financial and human (staffing). The Township will continue to collaborate with human and social service agencies and the Continuum of Care (CoC) to identify potential resources for meeting the service needs of Township residents. The Township will support the efforts of service agencies to maximize the use of available resources and to obtain additional resources whenever possible.

The Township identified new underserved needs as a result of the COVID-19 pandemic and expended funds to provide rental assistance and emergency shelter to persons experiencing or at-risk of homelessness. The Township also funded the Bucks County Opportunity Council who provided food to several food banks in the Township. The food banks targeted people with disabilities and the elderly.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The Township works to reduce lead-based paint hazards as part of its housing rehabilitation program and will continue to enforce the lead-based paint regulations on a case-by-case basis should any households be reported with Elevated Blood Lead Levels.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The Township continued to support activities to preserve the existing housing stock in owner-occupied housing and provide economic development goals, programs, and policies in an effort to help create job opportunities, reduce burdens (e.g. housing cost burden), and educationally/economically empower township residents, all of which prevent or alleviate poverty in the community. Funds were utilized for eviction prevention to avoid low income households entering the homeless system.

### **Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

Bensalem Township relies on a network of public sector, private sector, and non-profit organizations to deliver needed housing and community development services to Township residents, particularly the homeless and special needs populations. The Township anticipates continuing its role as a facilitator to develop institutional structure and expand its resources to address Township issues.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

The Township is working to improve coordination among its partners to promote a broadly shared understanding of community needs, collaborative and complementary approaches to addressing needs, and responsiveness to changes in conditions.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The Township updated its Fair Housing Analysis to meet the requirements of 24 CFR 470.904 (c). As noted above, the Township adopted Ordinance 2013-03 to delete the required minimum dwelling unit sizes and added interpretive language to Section 232-4 of the General Provisions of the Zoning Ordinance. In addition, the Township established an Advisory Board, requires CDBG applicants to adopt a resolution committing to AFFH, conducts a yearly review of land-use policies, and is completing a written AFFH Policy.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

Performance monitoring is an important component in the long-term success of the Township's CDBG Program. The Office of Community Development (OCD) is responsible for ensuring that the recipients of federal funds meet the purposes of the appropriate legislation and regulations, and that funds are disbursed in a timely manner.

OCD will monitor activities carried out to further the 5-year Consolidated Plan and to ensure long-term compliance with program requirements. The objectives of this monitoring are to make sure that activities:

1. Comply with all regulations governing their administrative, financial, and programmatic operations;
2. Achieve their performance objects within schedule and budget; and
3. Comply with the Consolidated Plan.

Internal controls have been designed to ensure adequate segregation of duties. OCD prepares agreements for housing and non-housing activities supported by CDBG funds. Invoices are monitored for compliance with the approved spending plan and federal regulations. The OCD administers the Integrated Disbursement and Information System (IDIS). OCD is also primarily responsible for setting up and administering activities. The Township's monitoring standards and procedures ensure that statutory and regulatory requirements are being met and the information submitted to HUD is correct and complete.

The monitoring procedures and requirements of the CP will be an extension of the OCD's existing monitoring system and experience in administering State and federal programs. The standards and procedures established by the OCD for monitoring the implementation of the CP ensure that:

- The objectives of the National Affordable Housing Act are met;
- Program activities are progressing in compliance with timely parameters;
- The use of all funds is consistent with HUD guidelines; and,
- All participating agencies are in compliance with applicable laws implementing regulations, and in particular, with requirements to affirmatively further fair housing and minimize displacement of LMI persons.

OCD monitors the various programs and activities that are funded with CDBG dollars. A subrecipient monitoring plan has been put in place to ensure compliance with agencies funded with CDBG public service and public facilities funding. The following key components of the monitoring process ensure that the Township's CP goals are being met in a timely and efficient manner:

- Record-keeping Systems – Record-keeping requirements outlined in 24 CFR Part 570.506 are adhered to. Each project file is documented as to eligibility and national objective, the beneficiaries of the activity, procurements, agreements and related compliance issues.
- Financial Management – All financial transactions are carefully recorded and reconciled between in-house systems and IDIS.
- Audit Management – All audits are conducted in accordance with federal and State regulations, specifically federal requirements of 2 CFR Part 200.

### **Citizen Participation Plan 91.105(d); 91.115(d)**

#### **Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The Township Council has adopted a Citizen Participation Plan that outlines the procedures for public participation during the planning process for use of Community Development Block Grant funds. In addition to public hearings, the Township provides information to all of its residents about the CDBG Program and the Township’s accomplishments through on-line access to reports and program information. Any resident that attends these hearings or contacts the Township directly is given information about the program and is encouraged to call or meet with Township staff at any time to discuss current or future potential programs and/or projects. In addition, the Township will continue to post information on the Township web-page, publish notices in the local newspaper, and send notices to local groups and organizations to encourage more feedback from residents.

The CAPER was made available on September 9<sup>th</sup>, 2022 for a period of 15 days for public comment. Notice of the availability of the CAPER was sent to agencies and individuals, as well as a number of local organizations that work with low-income and non-English speaking populations, and advertised in the local newspaper. **XXX** comments were received.

### **CR-45 - CDBG 91.520(c)**

#### **Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

There are no plans to make changes to the program objectives.

#### **Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

There are no open BEDI grants in the Township.

#### **[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Not applicable.

2020	As a result of COVID-19 there is an increased need for emergency housing in Bucks County especially the homeless population. FSA expanded its sheltering to include hoteling for families and individuals experiencing homelessness. this included the medically frail and high risk of COVID complications. This expansion has allowed the shelter to adhere to social distancing and CDC guidance to limit the risk of spread and infection. Support services provided case management, food/nutrition, nursing education safety/security as well as basic needs.
