Electronic Review Status

Dear Sir/Madam:

A review was conducted on the application for the referenced project pursuant to Chapter 232 ZONING, [Section 232-259(c)]. The attached sheets show what was found during the review and this information is required to complete the permit application for the above referenced project.

The review process utilizes Adobe Acrobat allowing reviewers to make their comments directly on the plan pages. These comments are tracked throughout the review and a printed summary serves as the basis for a rejection on the project until required changes have been made. The attached sheets will show an image of the plan page including its associated comments with connector lines. Only those pages of the plans that require a revision have been generated and included.

You are required to resubmit plans with revisions and will need to burn the **complete** set of plans with revisions to a new disc. Return it to the Building & Planning Department. You are to include a summary list of **all** changes that were made to the plans including those required by the Township. For each change made to the plans, note the sheet number, drawing title, and a brief description of the change made. Please label the disc with the project address, date and revision number to distinguish it from any earlier submissions.

It is our intent that you receive as few rejections as possible and provide reviewers a more efficient method for completing the review by utilizing the comments summary. The print dialog box should include the following summary options:

- * Layout - Document and comments with connector lines on single pages
- * Font Size - Large font size
- * Include - all comments
- * **Clear** - the checkbox to NOT include pages containing no comments

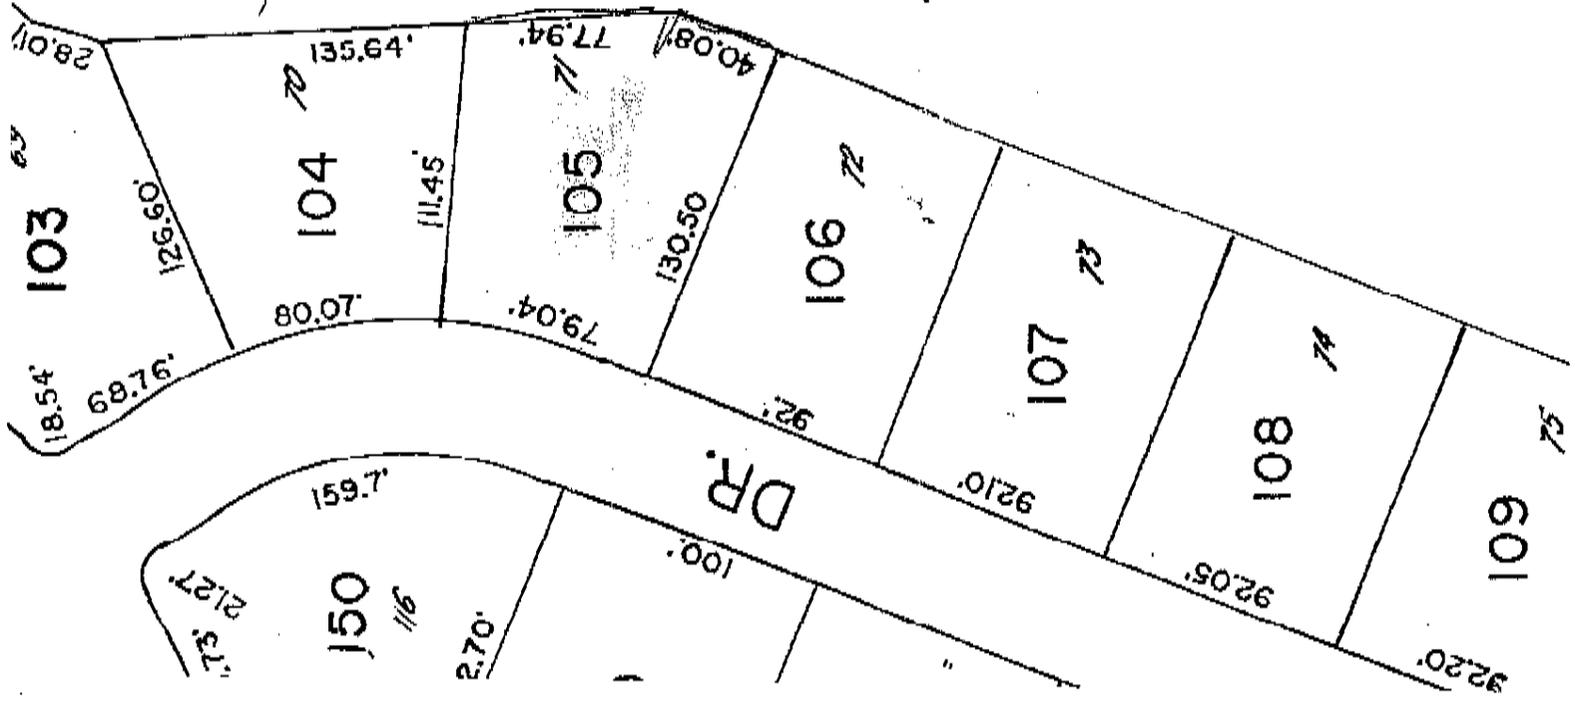

It is possible that upon receipt of the revised plans, additional items for compliance may be required. This letter shall serve as formal notice that your permit application has been rejected for said project until such time as the requested information has been provided.

You have the right to appeal this rejection letter. Applications for the Zoning Hearing Board can be obtained from the Building and Planning Department located in the Municipal Building at 2400 Byberry Road, Bensalem.

Respectfully,

Harold W. Gans, P.E., P.L.S.
Township Engineer
