

## Special Needs Information

As Bensalem Emergency Management continues to train and prepare for a variety of incidents that our municipality might be faced with, we are asking for your help.

This form allows us to identify the residents within our Township that have special needs and require special assistance during times of crisis. These needs could include individuals with disabilities, diabetes, mental health issues; or people that are on oxygen or need special care when being evacuated; or need to have contact access during snow emergencies.

In order to be better prepared and make sure that we can identify and contact our special needs residents during a crisis, we need to have any resident with special needs fill out the information sheet and return it either in person or via mail to the Bensalem Municipal Building, **c/o Fire Rescue Department**, 2400 Byberry Road, Bensalem PA 19020.

All information provided will be held in the strictest confidence.
